

Proceedings of the 2nd Workshop
on the Japan Society of Information and Knowledge
Theme: Various Approaches to Information and Knowledge
(Toppan Printing Co., Ltd., Tokyo, May 28, 1994)

Contents

Approaches from Terms

A1: On the Role of Levels in Concept Hierarchies in the Descriptions of Formation Patterns of Complex Terms K.Kageura (Nat. Center for Sci. Info. Systems)	5
A2: Extraction of Hierarchical and Associative Relationships in the Standard Technical Terms J.Lai, X.Wang, Y.Fujiwara (Univ. of Tsukuba)	9
A3: Structural Analysis of Japanese Medical Terms T.Koyama, K.Ohe (Nat. Center for Sci. Info. Systems)	17

Approaches from Texts

A4: Creating a Vocabulary Index for "Genji Monogatari Taisei" H.Ueda, Y.Ueda, et al. (Inst. of Statistical Mathematics)	23
A5: Information in and about Chinese Calligraphy Texts T.Yamamoto, P.Zhu, S.Izumi (Univ. of Lib. & Info. Sci.)	27

Approaches from Various Subject Fields

B1: Classification and Identification of Yeasts H.Sugawara, S.Miyazaki (Inst. of Phys. & Chem. Res)	35
B2: Distributed Database for Materials (Data-Free-Way System) M.Fujita, Y.Kurihara (Nat. Res. Inst. for Metals), et al.	39
B3: Information-Base Systems for Nonlinear Optical Materials N.Uda, Y.Fujiwara (Univ. of Tsukuba)	43
B4: On the Appreciation of the Bibliographical Information T.Ban (Nichigai Associates)	53
B5: A Study on Information Analysis of Historical Materials J.Yaegasi (National Museum of Japnese History)	57

Special Lecture

Virtual Reality and It's Applications M.Doi, N.Kato, K.Murata (Toshiba)	63
