

Proceedings of the 5th Annual Conference
JAPAN SOCIETY OF INFORMATION AND KNOWLEDGE

CONTENTS

Special Lecture

Changing Context of Information Production and Dissemination at the Internet Environment	<i>K Hosono</i>	1
Technologies for Distribution and Utilization of Digital Contents		
Development of an Electronic Textbook for Internal Medicine Integrated with Medical Knowledge on the Internet	<i>K Miyo, K Ohe and M Kajino</i>	11
A Review of the Push Technology for the Internet and its Problems	<i>S Hirata</i>	15
Research for the Standardization of the Governmental Information	<i>S Ikeda</i>	19
SGML as a Tool for Parallel Publishing of Printed and Fulltext Databases of an Academic Journal -- A Case of "JOHO KANRI"	<i>U Morita, M Suzuki and Y Chiba</i>	25
Structural Analysis on Information and Knowledge		
Genetic Algorithm Approach to Piping Route Path Planning	<i>T Ito</i>	29
Development of Gene Order Database for Plastid Genomes and Inference of Genome Evolution	<i>T Kunisawa and D Sankoff</i>	33
Making an Attempt at Constructing a Database-data by Using the Original Work Copy of Pedigree	<i>M Aida</i>	37
On the Negative Definition of Meaning of Word -- From the Standpoint of Ancient Indian Theory of Meaning (<i>Apo</i> ha-theory)	<i>N Ueda</i>	41
Sharing Information and Knowledge in a Networked Environment		
Organizational Editorial Functions of Professional Technical Societies -- A Case Study on Fiber-Optic Transmission Technologies Development	<i>K Nosu</i>	51
Application Development Project for Research Collaborations between Institutes Using Broadband Research Network	<i>T Atago and J Tateyama</i>	59
Broadband Computer Networks for Post-genome Bioinformatics	<i>S Miyazaki and H Sugawara</i>	63
An Application of Broadband Research Network Using Remote Experiment in Material Science	<i>M Fujita and T Yokokawa</i>	67
Databases and Bibliometrics		
Enlarging Subject Bibliography through Applying Citation Networks between Documents -- Based on the IBSS and the SSCI	<i>K Tezuka, S Matsui and K Kishida</i>	71
The Need for Quality Filters in Biomedical Databases	<i>S Yamazaki</i>	79
Cross-national Comparison of Publication Output in Engineering -- An Exploratory Study Based on Correspondence Analysis	<i>Y Sun and M Negishi</i>	83
Information Visualization and Multimedia Applications		
Driving Simulator for Driver Education -- Status and the Future	<i>M Mishina</i>	89
Effectiveness of Visual Simulation and Several Considerations for its Practical Application	<i>Y Iwabuchi and K Koizumi</i>	93
